Benefitting Charity

The Gateway PGA REACH Foundation is the benefiting charity of the 2017 City Championship. We proudly stand, as members of the St. Louis Golfing Community, in support of an organization that impacts thousands of

lives of at-risk youth and veterans through the influence and affluence of the game of golf. Your participation in the City Championship directly helps to support the Foundation and its two initiatives:

*80% of a student's waking hours are spent outside the classroom. **PGA REACH** provides positive opportunities that fill this vast amount of idle time through educational assistance, recreational & life skills programs, and mentoring opportunities that lead to higher graduation rates among St. Louis youth.*

***PGA HOPE** helps over 150 veterans to learn the game of golf - a proven rehabilitation tool for physically and mentally disabled veterans. Year-around programming is offered through the Jefferson Barracks VA and the VFW Post 4224.*
